

The Son of Odin vinyl double LP

Last Updated Thursday, 09 April 2015 11:01

This is the vinyl re-issue of Elixir's debut album 'The Son of Odin' on the High Roller Records label under license from CTR. This is a limited edition double album release in clear vinyl. Disc 1 is as the original album release and Disc 2 contains recordings taken from the BBC Friday Rock Show sessions, the 1985 'Treachery' single release and demo tape recordings. This edition comes in a gatefold sleeve with lyric sheet/historic photo insert.

Track Listing:

The Son of Odin vinyl double LP
