Now with "Voyage of the Eagle" and most of the original line-up back in the fold they show they are right up there. The album is superb. Make no mistake. Yet again – the New Wave of British Heavy Metal is as relevant as it was forty years ago and bands like Elixir keep up that tradition exceptionally well.

It's early May 2020 as I write this – and I can say right here right now that "Voyage of the Eagle" is so good it's album of the year material.
